The Community Justice Center is a legal services non-profit serving the low-income disabled, with an emphasis on the homeless and veterans suffering from Traumatic Brain Injury (“TBI”) and Post Traumatic Stress Disorder (“PTSD”). It opened its doors in Trenton in March 2009, and currently serves Mercer County and its surrounding areas, providing legal education and representation before the Social Security Administration and the Department of Veterans Affairs. By helping provide the disabled with the financial stability to focus on their health, and improved access to service providers, the Community Justice Center is now transforming lives—not merely by providing legal assistance, but by providing something far more priceless: hope. Melissa A. Gertz, Esq., Executive Director of the Community Justice Center, said the money raised by the TAPPED 2016 would be used to sustain its services in Central New Jersey, primarily Burlington, Hunterdon, Mercer, and Middlesex Counties, where its services are in high demand.
